

### ***Charities Win with LogoPutter.....***

This is the time of year when you can find a charity golf event almost every day of the week in most cities across the country. These events support so many worthy causes! It never ceases to amaze me how generous the golf community is when it comes to raising money for charity; no other sport even comes close.

**LogoPutter** strives to get involved with as many of these tournaments as possible. Recently, we worked with the ALS golf event in Kansas City and donated three college **LogoPutters** (KU, K State and MU). They used them in their silent auction and they were a big hit. Those three **LogoPutters** helped to raise close to \$600 for ALS research and care services.

We look at these events as a WIN, WIN! We were able to support a great cause and help them raise money. **LogoPutter** is a new, exciting way to get your brand out there – people like it so much they are willing to pay extra to have one and help out great charities!
